

CompactFlash Cards CompactFlash 1000

To ensure high-quality image and video capture with today's cutting-edge digital equipment, Transcend's CompactFlash 1000 memory cards meet CompactFlash 6.0 specifications, offering incredible high-speed performance and impressive storage space. The CompactFlash 1000 cards implement the Video Performance Guarantee (VPG-65) to enable professional-quality video recording without dropping frames, even in 3D. The top-tier MLC NAND flash chips inside are durable and reliable.

A trusted choice

Transcend's CompactFlash 1000 memory cards are manufactured with top-tier MLC NAND flash memory, making them durable and reliable. Ideal for use with advanced cameraholders and DSLR cameras for news, sports, wildlife, and action photography, these cards come in particularly handy during continuous burst mode shooting and lengthy Full HD, 3D, and even 4K UHDTV (2160p) video recording, offering professional photographers and videographers impressive transfer rates and stable video recording without dropping frames.

Shoot at amazing transfer speeds

Transcend's CompactFlash 1000 memory cards meet the VPG-65 (Video Performance Guarantee) standard to ensure a sustained minimum write speed of 65MB/s. With read/write speeds of up to 160MB/s and 120MB/s respectively, you can enjoy lag-free and cinema-quality Full HD, 3D, and 4K video capture.

Get larger storage capacity

With up to 128GB storage capacity, Transcend's CompactFlash 1000 memory cards allow for thousands of photos and tens of hours of Full HD videos to be recorded. Supporting UDMA7 (high-speed Ultra DMA transfer mode 7), the cards offer not only prompt response during fast-action burst mode shooting, but also fast storage of large images in the RAW format. Stay focused on capturing crucial moments, and let the memory card handle the rest.

CompactFlash Cards CompactFlash 1000

Features

- Supports Ultra DMA Mode 7
- Features Video Performance Guarantee-65 (VPG-65)
- Up to 128GB storage capacity
- MLC NAND flash
- Perfect for Full HD and 4K video recording

RecoverRx

RecoverRx is a data recovery software for memory cards, USB flash drives, external hard drives and SSDs.

Specifications

Appearance

Dimensions	42.8 mm x 36.4 mm x 3.3 mm (1.69" x 1.43" x 0.13")
Weight	11.4 g (0.4 oz)

Storage

Capacity	16 GB / 32 GB / 64 GB / 128 GB
Flash Type	MLC NAND flash

Operating Environment

Operating Temperature	-25°C (-13°F) ~ 85°C (185°F)
Operating Voltage	3.3V ~ 5V

Performance

Read Speed (Max.)	up to 160 MB/s
Write Speed (Max.)	up to 120 MB/s
Insertion/Removal Cycles	10,000

Warranty

Certificate	CE / FCC / RCM / EAC
Warranty	Five-year Limited Warranty

Ordering Information

16GB	TS16GCF1000
32GB	TS32GCF1000
64GB	TS64GCF1000
128GB	TS128GCF1000
